In such cases, the determination of whether or not LICENSEE has cured the defects rests within the sole discretion of McDonald's.

(c) Upon termination of this License, LICENSEE will immediately cease the further use of any names (including to immediately cease using the names "Ronald McDonald House Charities", "Ronald McDonald House" and "Ronald McDonald Family Room" including in connection with the operation of the House and Family Room, fundraising activities, and as a corporate name), trademarks or copyrights of McDonald's, including the Marks or any resemblance which might deceive or be likely to cause confusion of the public, and LICENSEE shall destroy all promotional materials then in its possession or control using or displaying the Marks or copyrights.

All public uses of the RMHC Marks (whether produced by the LICENSEE or third party, including McDonald's and its subsidiaries) must be submitted to the RMHC Global office in Oak Brook, Illinois, USA, for review prior to production and distribution. Term limits of no less than two years and no greater than four years shall be applied to board membership to ensure a vibrant organization that enlists key stakeholders in the capacity of organizational strengthening and defining a vision for the future of the local organization. All proposed changes to documents governing each organization in the Ronald McDonald House Charities system, which may include but are not limited to Bylaws and Articles of Association, must be submitted for review and approval to Ronald McDonald House Charities, Inc. prior to formal board action and subsequent filing with the appropriate government authorities.

Annual Financial Reports

To facilitate the review of the local organization in the Ronald McDonald House Charities system, all local boards must forward, on an annual basis, copies of their audited annual financial statements and any other tax and financial documentation required by the relevant government agencies, to Ronald McDonald House Charities, Inc. in Oak Brook, Illinois, USA. The local entity shall maintain accounting records based upon a year-end calendar basis. All local boards of organizations in the Ronald McDonald House Charities system shall comply with all accounting practices (including financial formats and controls) included in guidelines prepared by Ronald McDonald House Charities, Inc.

Contributions

Local organizations in the Ronald McDonald House Charities system, operating as Ronald McDonald House Chapters, are not obligated to remit any of their "Local Contributions".

"Local Contributions" are defined as follows:

- Receipts from individuals, corporations, foundations or from fundraisers developed and conducted at the local level.

Non-Discrimination Policy

It is the philosophy of Ronald McDonald House Charities, Inc. and McDonald's Corporation to treat employees, volunteers, Friends of Ronald McDonald House Charities and families staying at the Houses and Family Rooms fairly and with compassion, without regard to race, color, sex, religion, national origin, age, disability, sexual orientation, veteran status, or any other prohibited basis. Discrimination against any employee, volunteer, Friend of Ronald McDonald House Charities, applicant for employment, or family staying at or seeking to stay at a House, Family Room or other program operated by the LICENSEE will not be tolerated. This policy applies to all employment practices, including recruiting, hiring, pay, performance reviews, training and

development, promotions and other terms and conditions of employment. Furthermore, Ronald McDonald House Charities, Inc. and McDonald's do not condone any form of harassment, joking remarks or other abusive conduct (including verbal, non-verbal, or physical conduct) that demeans or shows hostility toward an individual because of his or her race, color, sex, religion, national origin, age, disability, veteran status, sexual orientation or other prohibited basis. Nor does Ronald McDonald House Charities, Inc. or McDonald's condone any form of conduct that creates an intimidating, hostile or offensive work environment, unreasonably interferes with an individual's work performance or otherwise adversely affects an individual's employment opportunities.

Tax Exempt Status

All local boards or organizations in the Ronald McDonald House Charities system must continue to maintain their tax exempt or equivalent status, if applicable as defined by the relevant tax authorities, at all times by assuring that the principal purposes of its establishment are adhered to from year to year.

Use of Funds

All funds raised in the name of, and identified as being for, Ronald McDonald House must be used only for the Programs as defined in Article 1. All funds being designated for a specific, approved program (e.g. Ronald McDonald House program) must only be used in furtherance of that specific program - and no other use is permissible. The LICENSEE may only raise or solicit funds under the name "Ronald McDonald House of Fort Worth, Inc." and in no other context. If the local entity raises funds with the intent of engaging in or engages in activities other than operating the House or Family Room, or other programs as defined in Article 1, then approval must first be obtained from Ronald McDonald House Charities, Inc. and McDonald's.

Employment

Each local organization in the Ronald McDonald House Charities system worldwide shall be at all times in compliance with all applicable labor laws.

Trademarks

McDonald's Corporation is the sole owner of the trademarks used by Ronald McDonald House Charities, Inc. and by each individual organization in the Ronald McDonald House Charities system. (These trademarks are specified in the attached Schedule A.) Accordingly, these trademarks may only be used in compliance with the License Agreement and may not be used for purposes not directly related to the operation of the LICENSEE and its approved programs. Any questions as to the use of the trademarks should be directed to Ronald McDonald House Charities, Inc, the Legal Department at McDonald's or the applicable Legal Department of the country where the local Ronald McDonald House Charities organization is located.

Administration

Paid staff may be retained, as each local board in the Ronald McDonald House Charities system deems advisable, to assist in the overall operations and development of the LICENSEE, operations of Programs as defined in Article 1, as well as communications, marketing, fundraising, and financial and volunteer coordination activities. The board should assure itself that

employment of paid staff is a financially sound and necessary investment before incorporating positions in the annual budget. Use of third-party professional fundraisers is discouraged.

Volunteers

Inasmuch as the tradition of Ronald McDonald House Charities and its related charitable programs, such as Ronald McDonald House and Ronald McDonald Family Room have been founded on volunteer strength, their continued utilization by the local board is encouraged to keep community participation high and operating expenses low. Volunteers from the community, including related medical centers, McDonald's restaurants and other interested groups can provide excellent hands-on opportunities to contribute in a way that is tangible and gratifying. Such contributions should be recognized and rewarded in a significant way by the local board.

Public Relations/Support

Local organizations in the Ronald McDonald House Charities system may occasionally be approached by groups and individuals wanting to use the LICENSEE and its Programs as a venue for delivering their messages or political agendas. Ronald McDonald House Charities organizations are community-supported charities that are and must remain non-partisan and apolitical. Accordingly, the local organization within the Ronald McDonald House Charities system should inform the Media Relations Department of McDonald's Corporation (1.630.623.3678), Ronald McDonald House Charities, Inc., and the nearest McDonald's regional office as soon as possible of any such request before any response is made. Please note that McDonald's may require the local organization to decline the request.

SCHEDULE D

RONALD McDONALD HOUSE OPERATING STANDARDS

Following are standards provided to guide in the development and operation of each licensed Ronald McDonald House, subject to change from time to time.

Guest Families

It is the purpose of Ronald McDonald Houses to accept families of children undergoing treatment for serious illnesses, injuries or disabilities at nearby hospitals or rehabilitation centers for temporary residence. While Ronald McDonald House Charities, Inc. and McDonald's recognize that families of adult patients have similar needs, the commitment of the House program has always been, and continues to be, focused on children and must remain so.

Number of Guest Bedrooms In Each Ronald McDonald House

The number of guest bedrooms in each Ronald McDonald House should relate directly to the number of people who use it and the pediatric needs of the communities being served, and today is determined by a medical feasibility study. To increase the number of bedrooms, the local organization in the Ronald McDonald House Charities system must receive approval from McDonald's and Ronald McDonald House Charities, Inc. and conduct an additional feasibility study to confirm expansion requirements. Note that an increase in the number of bedrooms requires an amendment to the License Agreement.

On-site Management

As indicated in the License Agreement, each Ronald McDonald House must provide responsible adult, on-site management of its facilities and property on a continual 24-hour basis. Resident management is vital to address any emergency that may arise. Full-time House staff are responsible for the operation of the House, the well being of the resident families, and the coordination of additional staff and the volunteer corps. Each local board should ensure that all staff is compensated in accordance with all applicable labor and employment laws, and receives training available through Ronald McDonald House Charities, Inc. educational programs, Ronald McDonald House Charities, Inc. educational materials, local and national nonprofit groups and nearby medical center(s).

Safety

Safety of families staying at Ronald McDonald Houses is of paramount importance to Ronald McDonald House Charities, Inc. and McDonald's. Accordingly, it is recommended that every Ronald McDonald House throughout the world follow the safety standards set by the relevant insurance industry in its respective country. These insurance standards typically exceed governmental standards. It is with these insurance standards and the ultimate safety of our families in mind that we will often urge or require installation of certain safety devices not locally required.

In the interest of fire safety, basic health practices and the proven hazard of second-hand smoke, each Ronald McDonald House should be a smoke-free environment.

SCHEDULE E

RONALD McDONALD FAMILY ROOM STANDARDS

In no event shall a Family Room contain more than four sleeping rooms.
